**Fouever Enterprises**, is established in order to manufacture and provide uniforms (and all sorts of garments) to the academic and non-academic institutions and organizations. The materials to be provided contain all sorts of uniforms (and garments) along with **tie, belt, sweater, Jacket, bag, blazer, tracksuit set, shoes, socks, t-shirts, gloves, caps, muffler, medals** and etc. (according to the need of the customer).

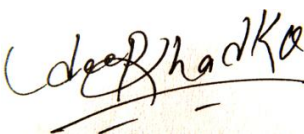

The major orientation of 4Ever Enterprise is the quality, comfort, and satisfaction at the most reasonable price possible. And we guarantee you that this is more than just a promise. Because 4Ever Enterprises knows that we are here to stay rather than just to start. And only the combination of our service and your satisfaction will secure and sustain that place for us. So, you give the first order, and we are confident that you'll want to give the other orders thereafter.

So, **how does 4Ever Enterprises operate?** This might be one of your enquiries for now. So, to start with, here are some of the basic things. We have the experienced seamsters, dressmakers and designers in our working team. Regarding the materials, we are very much particular about the quality (at the most reasonable price possible). We do import the materials mostly from China and India. We take 50% of the advance after the contract is prepared, and rest of the payment is to be made after delivering the order. We also have the facility of generator backups, so that the electricity-inconvenience will not stop us from completing our work within time. We have already worked with so many different academic and non-academic institutions and organizations. We have recently named ourselves as 4Ever Textile Enterprise (under Fouever Enterprises). We are located at **Lazimpat-2, Trishkti Marga** and our contact office at **Putalisadak, Kathmandu, Nepal**.

**4EVER Enterprise's** uncompromising priority is our mutual understanding and mutual satisfaction. And our goal is the win-win situation for both parties. So, to start with, trust us and believe us, and we will prove that we never let you down.

We value your constructive suggestions and feedbacks very much. And if you have any queries regarding us and our services, please feel free to contact us. We also heartily request and welcome you to pay your visit at our office and see how our team works if you ever wish to. The 4Ever Enterprises know and realize your creative part in our business.

**Best regards,**
